2014-2015 LUX ELECTRICAL & LIGHTING CO., LTD.

INTRODUCTION & OVERVIEW

ELECTRICAL & LIGHTING CO.,LTD

LUX Electrical & Lighting Co., LTD is a civilian lighting high-tech enterprise prioritized by the government, located in the new light industrial base --- Nanhai District, Foshan city, Guangdong Province, China, with a registered capital of RMB 11 million Yuan. The company is specialized in LED packaging, LED lighting technology research, application system design, installation, services and comprehensive solutions for lighting; the company uses advanced LED packaging equipment and automatic packaging production line which can produce a full range of SMD LED.

Display, Lamp LED, High-Power packages and modules. The company provides professional customization including: professional customization of special lighting according to different color temperatures, luminosity, brightness and illumination, such as the special lighting of aircraft, highspeed railways, medical equipment, mining machinery, oil proof lights, elevators, jewelry, clothing, furniture and others; the independently developed indoor application products include LED panel lights, LED ceiling lamps, LED downlights, LED floodlights, LED bulb, LED candle lights, LED track lights and LED lights with a series of flexible light belts; outdoor application products include LED garden lights, LED wall washing lights, LED lawn lights, LED projectors, LED floodlights, LED underground lamps, LED spot lights and LED underwater lights series;

In recent years, the company has cooperated with well-known research institutes, such as the Suzhou Institute of Nano-tech and Nano-bionics (Chinese Academy of Sciences), the Institute of Engineering Thermophysics (CAS), the Shanghai Institute of Organic Chemistry (CAS), and the Hong Kong University of Science and Technology, gained a solid R & D capability in the fields of high-power LED packaging, optical design, thermal design, constant current source driver systems and intelligent control systems and advanced system testing equipment, laying a solid foundation for continuous, steady and rapid development of the company. The company is striving to meet the international standards for first-class LED lighting business.

"Science and technology leads the development of the company and brings a happy life". Guided by this idea, all the staff of LUX Company, based on the determination of taking a broad view to the world and creating a bright future, will stick together, and strive to transfer the latest optical technology achievements to the civilian life and to set an example for the global energy conservation.
